EXECUTIVE SUMMARY

KW Commercial is pleased to present 195 US 321 Bypass, a modern second-generation quick-service restaurant with drive-thru in Winnsboro, South Carolina. Built in 2020, the 2,372 SF building sits on ±0.69 acres along the US 321 Bypass, Winnsboro's primary retail corridor, immediately adjacent to other national QSR users.

The property is available for lease at **\$57.89/SF/Year NNN (\$137,319.82 annually)**, a market-supported rate backed by recent Southeast QSR leases. The existing building, drive-thru lane and site work give an operator a fast, cost-effective alternative to ground-up construction, with lower development cost, a shorter path to opening and less entitlement risk.

Higher construction costs and elevated interest rates have slowed new QSR development across the Southeast. That has made well-located second-generation drive-thrus some of the most sought-after sites for national franchise and corporate operators. The property suits national QSR brands, franchise groups, coffee and beverage concepts, and fast-casual users that need drive-thru capacity.

With a proven restaurant layout, corridor visibility, and a location about 30 miles north of Columbia, 195 US 321 Bypass is a turnkey opportunity for an operator looking to enter or expand in the Midlands market.

LOCATION OVERVIEW

WINNSBORO & FAIRFIELD COUNTY

Winnsboro is the county seat of Fairfield County, located on US 321 about 30 miles north of Columbia in South Carolina's Midlands. The US 321 Bypass serves as the town's main commercial corridor and is home to a concentration of national quick-service restaurants and retailers. The site sits between Fairfield Memorial Hospital and Midway Plaza, with KFC, McDonald's and Pizza Hut nearby on the same corridor.

Fairfield County continues to attract new industry. In June 2026, officials broke ground on a \$34 million FAYAT Group distribution center expected to create 135 jobs. The county is also expanding wastewater capacity through the Winnsboro Connector Line Project to support further economic and population growth.

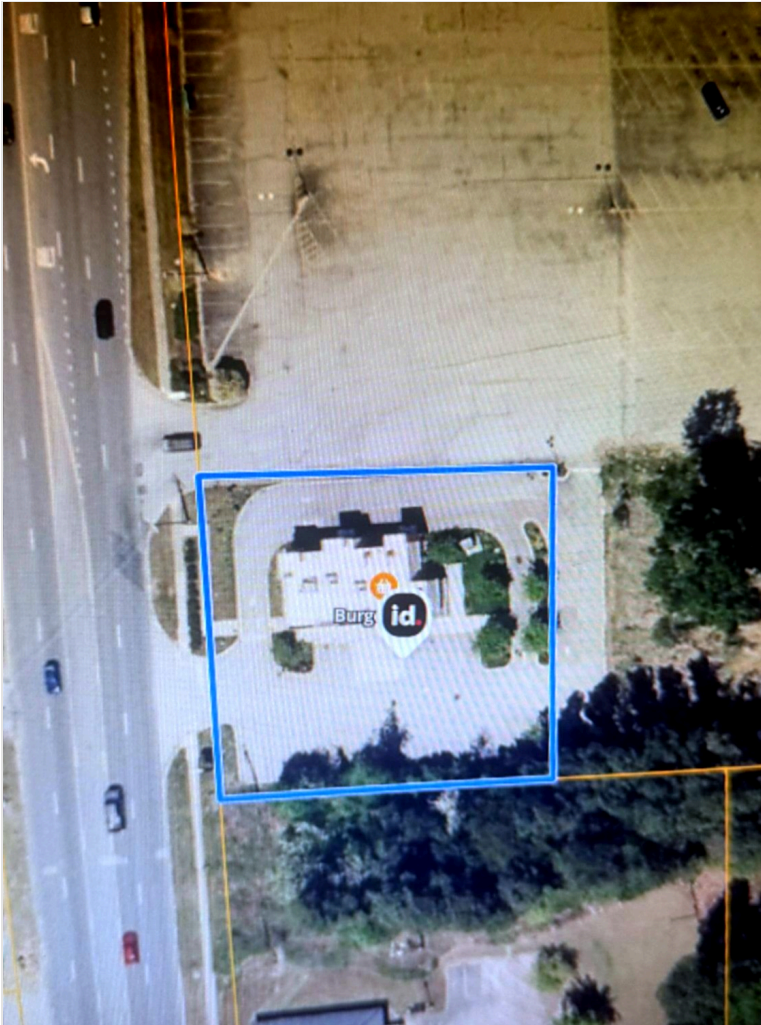

South Carolina remains one of the fastest-growing states in the country, driven by population growth, business migration and a favorable economic climate.
