EXECUTIVE SUMMARY

KW Commercial | The Praedium Group is pleased to present the Old Orangeburg Road Commercial Land Parcel, approximately **13.01 acres** of vacant land on Old Orangeburg Road in Lexington, South Carolina (Parcel 006500-02-046). The site is zoned **ID, Intensive Development District**, and its highest and best use has been identified as commercial development.

The Property is offered at **\$1,800,000 (about \$138,355 per acre)**, priced below the average of recent Lexington-area commercial land sales. It is being sold through a **court-ordered partition sale**, run as a neutral, open-market process that gives all qualified buyers equal access to information and a fair opportunity to make an offer.

Tracts of this size with intensive commercial zoning are increasingly scarce in the Lexington submarket, one of the fastest-growing parts of the Columbia MSA. The site suits commercial developers, retail and mixed-use groups, land investors, 1031 exchange buyers, and builders evaluating high-density or assemblage strategies.

INVESTMENT HIGHLIGHTS

- ±13.01 acres under a single parcel, a unified development tract
- ±468.59' of frontage on Old Orangeburg Road
- ID Intensive Development zoning supporting a broad range of commercial uses
- Flood Zone X, outside the 100-year floodplain per appraisal materials
- Public utilities in the area, subject to buyer verification
- Next to Saxe Gotha Elementary, near Platt Springs Rd (SC 602) and I-20
- Growing Lexington County trade area with rising incomes

HIGHEST & BEST USE

The Property's highest and best use has been identified as **commercial development**. Its ID Intensive Development zoning, size and Lexington location support several value paths, so qualified buyers can evaluate the use that best supports their offer.

VALUE PATH	OPPORTUNITY
Commercial Development (Primary)	Retail, service, office, restaurant or mixed commercial development supported by ID zoning, commercial land values and surrounding growth.
Residential / High-Density (Secondary)	Multifamily, build-to-rent or other high-density residential use, subject to entitlement, roadway, access and other approval requirements.
Land Investment / Assemblage	A long-term hold or an assemblage play. The site borders 8 separate owners with open parcels along about 2,100 feet of shared boundary.

PRICING & MARKET SUPPORT

The offering price of **\$1,800,000 (\$138,355/acre)** is set below the average, median and weighted average per-acre prices of recent commercial land sales in the Lexington submarket. That gives buyers a competitive entry point for a 13-acre tract with ID Intensive Development zoning.

The final sale price will be set by qualified buyer response, offer terms and the process approved by the Court.

LOCATION & DEMOGRAPHICS

LEXINGTON, SOUTH CAROLINA

The Property sits in the Town of Lexington area, in the Red Bank trade area of Lexington County, about 15 miles west of downtown Columbia. It is next to Saxe Gotha Elementary School, just north of Platt Springs Road (SC 602), with quick access to South Lake Drive (SC 6) and I-20. The surrounding neighborhood is about 73% residential, with 176 homes nearby that provide a built-in customer base. Lexington County is one of the fastest-growing counties in South Carolina, with population projected to grow from 310,050 to about 328,700 by 2029.

The local trade area is expected to grow about 10% by 2029, with median household income projected to rise from \$69,527 to about \$80,050. That growth, together with limited supply of larger commercially zoned tracts, supports long-term demand for development land in the submarket.
