CONFIDENTIALITY & DISCLAIMER

This Offering Memorandum has been prepared solely for informational purposes to assist a limited number of qualified parties in determining whether they wish to proceed with an in-depth investigation of 195 US 321 Bypass, Winnsboro, SC 29180 (the "Property"). It is not intended to be all-inclusive or to contain all the information a prospective purchaser or tenant may require.

All information contained herein has been obtained from sources believed to be reliable; however, no representation or warranty, expressed or implied, is made as to its accuracy or completeness. Pro forma rents, values, timelines and holding cost estimates are projections based on current market conditions and assumptions that may not be realized. Prospective parties should conduct their own independent investigation, including review of zoning, environmental, physical condition and financial matters.

By accepting this Offering Memorandum, the recipient agrees to hold it and its contents in strict confidence, not to reproduce or distribute it without the prior written consent of the Owner and KW Commercial, and to return it upon request. The Owner reserves the right to reject any offer, and to terminate discussions at any time without notice.

INVESTMENT SUMMARY

A Modern Drive-Thru, Ready for Its Next Operator

KW Commercial is pleased to present 195 US 321 Bypass, a 2,372 SF quick-service restaurant with drive-thru on 0.69 acres in Winnsboro, South Carolina. Built in 2020, the property sits on the town's primary retail corridor, immediately adjacent to other QSR users.

The property is currently vacant. The business plan is lease-first, sale-second: secure a franchise or corporate QSR tenant on a long-term NNN lease at a market-supported **\$57.89 PSF (\$137,319.82/yr)**, then sell the stabilized asset to net lease investors.

High construction costs and elevated interest rates have slowed new QSR development. That has increased operator and investor demand for well-located second-generation drive-thrus with infrastructure already in place, especially across South Carolina and the Southeast.

INVESTMENT HIGHLIGHTS

- ◆ 2020 construction with existing drive-thru infrastructure, a cost-effective alternative to ground-up development
- ◆ Established QSR corridor with immediate adjacency to national QSR users
- ◆ Pro forma rent supported by Southeast comps of \$55.20 to \$62.37 PSF NNN
- ◆ Value-add upside: about \$1.3M as-is to a \$2.3M to \$2.5M stabilized target
- ◆ High-growth South Carolina market with sustained population and business migration

Proposed NNN Rent Schedule

Based on recent leasing analysis, historical occupancy and current market activity, the property can support a rent of about **\$57.89 PSF NNN** for a qualified replacement tenant. This is below the prior lease economics, but it's a realistic, financeable rent that opens the site to a broader pool of franchise and corporate users. The schedule assumes a 20-year term with 10% increases every five years.

Lease Comparables

Recent second-generation and net lease QSR transactions across the Southeast support the proposed \$57.89 PSF NNN rent. Drive-thru restaurants leased to national and franchise operators generally achieve rents from the mid-\$50s to the low-\$60s per square foot.

Valuation & Value Creation

The as-is value is estimated at about **\$1.3 million**, reflecting current market positioning and the property's vacant status. With a strong franchise or corporate tenant on a long-term NNN lease, the property can target a sale in the **\$2.3M to \$2.5M** range. Final pricing will depend on market rent, lease structure, term, tenant credit and cap rate at disposition.

SCENARIO	ESTIMATED VALUE
Current Vacant Condition	≈ \$1,300,000
Stabilized with Long-Term NNN Lease	\$2,300,000 – \$2,500,000

IMPLIED CAP RATE ON YEAR 1 RENT (\$137,320)

HOLDING COST ESTIMATE (HIGH SIDE)

6 – 9 Months

PROJECTED HOLD FROM CONTROL (UP TO 12 IN A LONGER CASE)

The holding cost estimate covers typical carry during the reposition: property taxes, insurance, utilities, routine maintenance, security and other property-level expenses while the site is marketed and a tenant is secured. Actual costs will depend on the final hold duration and property-specific requirements.

Target Tenant Strategy

Given the footprint and trade area, the most realistic tenants are credit QSR users that fit the market. Targeting nationally recognized, franchise-backed operators also broadens net lease investor appeal and supports stronger disposition pricing.

PRIMARY TARGETS

Wendy's	Taco Bell	Freddy's	Bojangles	Arby's
---------	-----------	----------	-----------	--------

Tenant Category	Strategic Rationale
National QSR Operators	Existing drive-thru infrastructure significantly reduces development costs, speeds up opening and minimizes entitlement risk compared to ground-up construction.
Franchise Groups	Franchisees often seek second-generation restaurant locations to reduce capital expenditures and shorten time to opening.
Coffee & Beverage Concepts	The drive-thru configuration, visibility and commuter traffic suit coffee, beverage and specialty drink operators.
Fast Casual & Alternative Drive-Thru	Regional and national fast-casual brands, plus specialty food and service concepts that need drive-thru capacity.

LOCATION

Winnsboro, South Carolina

Winnsboro is the county seat of Fairfield County, in the Midlands of South Carolina along US Highway 321 north of Columbia. The property sits on the US 321 Bypass, the town's primary retail corridor, surrounded by other quick-service restaurant users that drive consistent daily traffic.

South Carolina remains one of the fastest-growing states in the country, fueled by sustained population growth, business migration and favorable economic conditions. Investor demand for net lease retail across the Southeast continues to grow.

LOCATION HIGHLIGHTS

- ◆ Primary retail corridor with immediate QSR adjacency
- ◆ Visibility and access suited to drive-thru and commuter traffic
- ◆ Part of a high-growth state and Southeast region
- ◆ [Add: traffic counts, nearby anchors, demographics by radius]
